

CLASSIC RACE SERVICES

Classic Race Services (CRS) began in September, 1989 by Mark Morris and G. Will Chamberlin. Both Mark and Will were runners in the Athens, GA area. In 1991, Mark moved to Alabama to go to helicopter school, compliments of the US Army Reserve, and then to Hinesville, GA where he works at Fort Stewart. Will became the sole owner of Classic Race Services by default and in 1995 decided to leave Reliance Electric Company after 20 years and make a go of the race business. Each year the number of races grew, but it was not until 2000 that his hard work and dedication began to reap rewards. Now, Classic Race Services manages well over 100 races each year.

With the advent of the Internet and online reporting of results, CRS has built its reputation by its timeliness of results posting. Our goal is to have complete results (both overall and age group) posted within 24 hours of the event. Results can be found at www.runningintheusa.com, www.active.com, and www.coolrunning.com and are also available through the Run and See Georgia Grand Prix web site, www.georgiarunner.com. Printed results are found in the Running Journal, a monthly publication, and its online site www.running.net.

If you are planning a race event, please consider Classic Race Services. CRS can provide all your finish line, timing, and results needs. We also can assist with course layout, measurement, volunteer needs, and complete race event planning. Contact us at:
